Call 449 if you fell to get the  
Kentuckian promptly. And if you  
have a news item, phone it to the  
same number.

Three young women at Frankfort  
went to the country and helped  
Miss Christien Reynolds, owner of  
a farm, harvest her wheat all clad  
in bloomers and even the wheat was  
shocked.

The "bone dry" law which is now  
in effect provides that spirituous,  
vinous or malt liquors, except for  
medicinal purposes cannot be shipped  
into dry territory from any point  
within or without the state, and pro-  
vides a heavy penalty for its violation.  
The law carries a clause penalizing  
any person or persons who receives  
liquor shipped in violation of the act.  
Even soliciting orders in dry terri-  
tory is forbidden by the new law.

Largely through the efforts of the  
Anti-Loafers League, of which Geo.  
E. Gary is President the Board of  
Commissioners have given final pas-  
sage to an ordinance imposing a li-  
cense tax of \$500 on labor agents  
who come into this community to  
enticer away laborers from the shops  
and farms. This ordinance, in con-  
nection with the law just going into  
effect to force all idlers to go to  
work, will go far towards relieving  
the labor crisis in this county. With  
a large number of idlers refusing  
to work and a constant drain upon  
the industrial class from the opera-  
tions of labor agents farm labor has  
become demoralized. Some agents  
have been so bold as to open head-  
quarters to further their ends of  
gathering up carloads of farm hands  
to transport them to other localities.  
Hundreds of laborers have left the  
county in recent years and now that  
hundreds of farmers, white and color-  
ed, are entering the service of the  
country, the labor shortage in the  
country is becoming alarmingly acute.  
The Kentuckian has refused to run  
advertisements soliciting laborers for  
other communities and will still do  
all it can to protect the interests of  
its own people. Mr. Gary and  
other gentlemen who took the lead  
in this measure of relief for the  
farmer are entitled to lasting credit  
and praise is due the commissioners  
for their prompt action.

## WESTERN UNION TELEGRAPH CO. REFUSES UNION LABOR ORDER

(By International News Service.)  
Washington, June 18.—Govern-  
ment control of the telegraph lines,  
it is understood was brought square-  
ly to an issue at today's cabinet  
meeting. The basis of deliberations  
was a letter from President Carlton,  
of the Western Union Telegraph Co.,  
refusing to abide by the decision of  
the war labor board giving operators  
a right to organize. Carlton as-  
serts he is in no danger of a strike  
and the company feels that it would  
not be doing justice to the public  
if it permitted outside unions to in-  
terfere in its work. It is understood  
the administration proposes to act  
promptly, but will exercise extraor-  
dinary caution in the matter of legion  
rights.

## FOLLOWING THE FLAG

First Lieut. Jack T. E. Stites, who  
is at Camp Taylor, was yesterday  
promoted to Captain. This brings  
to Mrs. Susie E. Stites the unusual  
honor of having both of her sons  
Captains. Capt. Henry J. Stites is at  
Camp Shelby. Both of the brothers  
are always in times of peace.

The parents of Rex Hanbury, Lieut.  
Jos. A. Wall, M. R. C., Edward  
Breathitt, of this city, and George  
Wilson, of Gracely, have been notified  
of the safe arrival of their sons over-  
seas.

## COLORED MAN SHOT.

Monday night Edgar Griffin was  
shot in the face by another negro,  
alleged to be Wilay Sebren, and is in  
a rather serious condition. The ball  
entered the cheek on the left side of  
the nose and ranged down and back  
and lodged in the neck. The shoot-  
ing occurred in front of Friendship  
Hall where a big colored dance was  
going on. The police traced Griffin  
to his home and found him in bed.  
It was he who told who did the shoot-  
ing. Sebren made his escape.

## MEN AND NOT OFFICERS

Washington, June 18.—The house  
today by a vote of 73 to 44 defeated  
a proposal to raise the commandant  
of the Marine Corps to the rank and  
pay of Lieutenant General and to  
create the rank of Major General for  
two of his staff officers. The  
amendment providing a permanent in-  
crease in the enlisted strength of  
the Navy to 131,435 was adopted  
without opposition. Members charged  
that "Social and political propa-  
nda" was at work to secure these  
positions for the Marine Corps com-  
manders. The debate was bitter.

## ON SPEAKING TERMS AGAIN

(By International News Service.)  
Amsterdam, June 18.—The tele-  
graph says economic negotiations be-  
tween Germany and Holland have  
been resumed.

## LABOR AGENTS MUST SKOOT

BIG COMMITTEE REQUESTS CITY  
COMMISSIONERS TO PASS  
ORDINANCE TAXING THEM.

The labor situation in Hopkins-  
ville and Christian county has re-  
ached a very acute stage the past few  
months, due to the fact that many  
of our best laborers, both white and  
colored, have been induced to leave  
here and go elsewhere to seek em-  
ployment. Most of the laborers  
have been enticed away from here  
by the activities of numerous labor  
agents plying their trade on the  
streets of this city. Many of these  
have held out flattering prospects to  
the men. Also they have become  
very bold in their work and in many  
instances have approached men on  
wagons on the streets, stopping the  
teams of employers.

The labor problem became so ser-  
ious that the Commissioners were  
requested by various business men  
and farmers to pass an ordinance  
heavily taxing and fining labor  
agents who operate in this city.  
Yesterday a large committee of busi-  
ness men and farmers met the com-  
missioners and presented the em-  
ployers side of the situation and the  
City Commissioners adopted the fol-  
lowing ordinance:

SECTION 1: Be it ordained by the  
Board of Commissioners of the  
City of Hopkinsville, Kentucky, that  
all persons, Corporations, Agents,  
or Associations, who shall employ la-  
bor, skilled or unskilled, in the City  
of Hopkinsville, for the purpose of  
removing said laborers, or inducing  
them to remove from said City of  
Hopkinsville, to engage in work or  
labor in other counties or states, shall,  
before engaging in such busi-  
ness, pay a license fee to the City  
of Hopkinsville, of \$500.00, for one  
year, and obtain a license from said  
City to engage in such business.

SECTION 2: That any person,  
Agent, Corporation or Association  
who shall engage in the business  
hereinbefore mentioned, without first  
obtaining a license so to do, shall be  
fined in a sum of not less than FIFTY  
DOLLARS, (\$50.00,) recoverable  
by a warrant before the City Court.  
SECTION 3: This ordinance to be  
in force from and after its final  
adoption.

## DRAFT AGE LIMITS TO BE EXTENDED

WILL PROBABLY BE MADE 18  
TO 45 TO RAISE ARMY OF  
5,000,000.

(By International News Service.)  
Washington, June 18.—The draft  
age limit will be extended probably  
from 18 to 45 years. Secretary of  
War Baker has been persuaded that  
this step is necessary.

He announced to-day that he will  
approve any change in the selective  
service act that may be necessary  
to raise an army of the required  
size. American and Allied military  
leaders are now convinced that the  
United States must place an army of  
at least 5,000,000 men in the field  
if victory is to be won. This will  
be possible with the proposed exten-  
sion of age limits.

## GOOD DAY'S BUSINESS

(By International News Service.)  
London, June 18.—Twenty-eight  
machines and one balloon were  
brought down by the British yester-  
day. Five British machines are miss-  
ing.

## JAS. DE BOW CONVICTED

IN VERDICT OF MAN-  
SLAUGHTER.

The trial of James DeBow, charged  
with the murder of Jackson White,  
tried in circuit court, resulted in a  
verdict of manslaughter, and the de-  
fendant was given a sentence of 2  
years and 8 months in the peniten-  
tiary.

Yesterday some minor cases were  
passed upon but nothing of impor-  
tance was on the docket and court  
adjourned early in the afternoon.

## CALL 13,630 REGISTRANTS

MEN OF GRAMMAR SCHOOL ED-  
UCATION WHO ARE WANTED  
TO BE SENT TO COLLEGES.

Washington, June 17.—A call for  
13,630 draft registrants of grammar  
school education and qualified for  
general military services was made on  
the various States by Provost Mar-  
shal Crowder.

The men, of whom 1,261 are to  
be negroes, will be sent to schools  
and colleges for training.

The entrainment date was set for  
July 1, but the call will be held  
open for volunteers until June 21.  
If on that date enough are not ob-  
tained boards are authorized to draft  
the remainder needed.

## ORDINANCE FOR TAX LEVY

GIVEN FIRST READING AND  
APPROVAL BY CITY COM-  
MISSIONERS—RATE IS UN-  
CHANGED.

The City Commissioners in session  
yesterday morning took action on  
some very important matters. One  
of these was the passing on its first  
reading the ordinance fixing the tax  
levy for the ensuing year. The or-  
dinance will be given its second read-  
ing and come up for final adoption  
or rejection at the next session.

The tax levy is again fixed at \$1.50  
on each \$100 of taxable property and  
a poll tax of \$3.00. The levy is to  
be apportioned as follows:

- 50c for public schools.
- ¼c for Ohio Valley R. R. bonds.
- 20c for retirement of \$100,000  
school bond issue of Jan. 1, 1916.
- 22c for light and water fund.
- 21c for police department.
- 10c for fire department.
- 20c for official salaries.
- 6¼c for general fund.

\$1.50 Total.  
\$1.50 city poll tax.  
\$1.50 school poll tax.

In addition to the 6¼c appropriated  
to the general fund from the prop-  
erty tax, all licenses, fees, fines, etc.,  
collected from any other source are  
credited to the general fund there-  
by making this one of the largest  
funds of the city treasury.

Soldiers from LaFollette's state  
have been given the honor of fighting  
first in Germany.

## ITALIAN FRONT DRIVE SLOWS DOWN WITH AUSTRIANS BALKED

## 32ND DIVISION IS IN ALSACE

Washington, June 18.—General  
March, Chief of Staff, to-night au-  
thorized the publication of the fact  
that the thirty-second division of the  
United States army is holding a part  
of the sector in Alsace, which is on  
German soil. This division is com-  
posed of Michigan and Wisconsin  
troops.

## PETIT JURY IS DISMISSED

FEW CASES ARE SETTLED AND  
COURT ADJOURNS EARLY—  
GRAND JURY MAY ADJOURN  
TO-DAY.

Several cases were disposed of yester-  
day in circuit court, the four most  
important being:

Tom Stone tried for malicious cutt-  
ing. \$50 and costs.  
Curley Hayes, colored, attempt to  
rape. \$50 and costs.  
Charles Wimberly for wilful mur-  
der. Continued to September term.  
Marcellus Foreman for grand lar-  
ceny. Bond forfeited.  
The petit jury was dismissed yester-  
day for the remainder of this term  
of court. The grand jury will fin-  
ish either today or tomorrow and  
make its report and be dismissed.

The Fiscal Court was in session  
yesterday also and disposed of some  
very important matters. The county  
school tax levy was fixed at 25c on  
the \$100. Heretofore the rate has  
been 20c the maximum limit under  
the old law, but increased costs of  
everything connected with the opera-  
tion of the schools necessitated an in-  
crease in the amount of money need-  
ed.

The court also purchased one 5-  
ton White truck for use in road  
construction. This truck has dump  
body and cab top. Several bids were  
considered on various makes of trucks  
but on the show down only the White  
and the Packard were considered.  
The price on the Packard was \$4,019-  
34 while the price of the truck pur-  
chased was \$5,768 less \$338 dis-  
count, making the net cost \$5,430.

was a native of Ireland and was born  
in 1818 and was probably the oldest

## BARELY ALIVE

Pete Renshaw, who was shot by  
R. M. Isom Sunday afternoon in the  
Owls Club room, was still alive last  
night at the Jennie Stuart Hospital,

retook Raseco and Pizzo heights and  
captured 300 prisoners.

**OUR SERVICE FLAG**

A cat died in Bowling Green last week that was 25 years and two months old. She is not expected to come back.

Lieut. Com. Logan Feland a Hopkinsville boy with the American Marines on the Marne, has been decorated with the French war cross and recommended for promotion for bravery in action.

Secretary Baker hits the nail on the head when he says those unwilling to fight their mother countries at war with America should be kept in prison now and deported after the war.

The French repulsed German counter attacks between the Aisne and Oise rivers Monday and consolidated their gains north of Haute Baye, the war office announced last night. The number of prisoners taken in the latter region in the last few days' fighting was 370. Twenty-five machine guns and eight trench mortars were also captured.

With practically all official and unofficial reports indicating that the Austrian drive in Italy had been sharply checked by the reorganized Italian army and the British and French units supporting it, officers are discussing the situation with an increasing air of optimism.

In some quarters it is believed that these operations have a decided effect on the situation on the western front. There is a strong feeling that if the Austrian drive breaks down, the Italians will launch a counter offensive on a large scale. In that event officials are certain that Germany would rush divisions of its troops to aid its ally because of the effect an Italian success would have upon the already turbulent internal situation in Austria.

**NO APOLOGIES NECESSARY**

The Selsman Offering Liberty Bonds Has the Best Line in the World.

When you start out to sell Liberty Bonds, you will get an intimate view of human nature. You may run across a woman who will stand her table to buy a bond, or one who is too poor because she has just invested in a dog out according to the latest fashion.

You will find a lot of kids that have cheerfully given up candy and other little things to buy Liberty Bonds. And you will find big men who will spend the price of a bond in an evening, too strapped to support their Government. You will meet with politeness and with rudeness, with frankness and with evasion. Some few will even buy more bonds than they should; but most people will show a degree of caution that is out of keeping with the crisis we are facing.

But remember that, in selling these bonds, you have to apologize to no body; while whoever fails to respond generously to your appeal owes you an apology.

**THIS IS THE TRUE RED CROSS SPIRIT**

A Little Story With a Big Thought in It

A month ago the Red Cross chapter to Bay City, Mich., received a burry-up call for 150 dunnage bags. Troops were about to move, and through an oversight their equipment was not complete. The bags had to be made and sent within 48 hours. A request for help was sent over the town, and the stores were searched successfully for the right materials. Among those who quickly responded and came to the chapter workrooms to help were two little girls, sisters, about ten and twelve years of age, each eager to lend a hand and do something for the boys who were going to the front. All day long the fingers of the women and the little girls were fairly flying. Bag after bag received the last stitch until scores were piled up ready for shipment. Closing time came, and the women superintending the making of the bags counted those completed and announced that if every one of the workers could come early the next morning and work all day the bags would surely be finished in time for shipping by evening. Two crestfallen little girls, the little sisters, were waiting for her at the door as she departed.

**Red Cross Dunnage Bags.**  
"We are awfully sorry, me'am," said the elder of the two, "but we can't come back tomorrow. You see tomorrow we have to go." And, without looking at the mother, she looked back wistfully at the pile of bags.  
"It is too bad you can't come back," said the superintendent, "but I want to thank you, and we all thank you, for the work you've done today. You two have been a wonderful help, and that pile of bags wouldn't be nearly so big if you hadn't been here. Good night."

The next morning when the superintendent came down to unlock the workrooms for the day she was astonished to see the two little girls standing in the cold by the locked door.  
"Oh, I'm so glad to see you!" she said. "I thought you said you couldn't come!"  
"Oh, we knew those Red Cross bags just had to be finished for the soldiers," exclaimed the little one, with gleaming eyes, "and we got up at three o'clock this morning and got the washing done early!"

**Soldiers Ask No Sympathy.**  
Here is an expression of the stoicism and the philosophy of a soldier as printed in extracts from his letters in the Atlantic Monthly:  
"Don't worry about my privations—'which mostly there ain't none.' Such as they are, they are necessary and unavoidable; and, above all, we are fitted for them. You can't well sympathize with a man who is doing the thing he has longed for and trained for all his life. Besides, physical privations are nothing; it is the mental ones that hurt. A soldier in the trenches, with little to eat and nothing but a hole to sleep in, can feel happy all the same—particularly if life has something in prospect for him if he lives. But a man out of work at home, sleeping in the park and panhandling for food, is much more to be pitied, though his immediate hardships may be no greater."

**WILL HAVE TALES TO TELL**

Undoubtedly Crews of Submarines Have Seen Many Strange Sights in Depths of Ocean.

When the war is over many interesting revelations will probably be gathered from the statements of many of the crews of the submarines that ply up and down under the surface and go down onto the bottom of the sea, as told in Boys' Life, the boy scouts' magazine. Many strange sights flit past the eye of the lookout in the conning tower when the vessel is deep down. But strangest and most melancholy are the glimpses he gets of sunken ships resting on the bed of the ocean.

In the North sea, which is shallow in comparison with other great expanses of salt water, they form a danger to the underwater craft, which may sometimes only avert collision by a quick turn of the wheel.  
But sunken ships in the deep sea, such as the Pacific and the Indian ocean, only go down a certain distance, no matter what their build or how ponderous their cargo. The idea popular among seafarers and certain scientists is that, having reached a certain stratum in those tremendous depths, they then drift about, slowly disintegrating, derelicts of the depths, swarming with strange denizens.

**HOPE HIS BILL WAS SETTLED**

If Not, Tragedy Enacted on Stage Was Also Tragedy to Some of the Spectators.

The thrilling drama, "Your Blood or Your Bullion," was in the midst of its thrills, and Mrs. Jinks and her daughter—presented with a free pass by their actor-lodger—sat spellbound while the hero performed his heroics and the villain perpetrated his villainies.

In the first act the hero jumped down a precipice in the nick of time, and the villain said "Foiled!" In the second act the hero escaped from prison by improvising a rope out of the skin of his teeth, and the villain said "Foiled again!" In the third the hero escaped by disguising himself as a gentleman, and—never mind what the villain said. The Jinkses sat open-eyed and mouthed, and blissfully happy.

In the last act the villain, goaded to desperation, challenged the hero to mortal combat, and, after the usual preliminaries, fell prostrate on the step—dead—dead—dead.  
Then did little Miss Jinks burst into tears.

"Oh, murver, murvery!" she wailed, "what are we a-goin' to do now? 'E's bin an' killed our only lodger!"

**GIRL HAS COUSIN INTERNED**

Said He Was Trying to Join the German Navy.

There is one enemy alien less at large in the country as the result of the patriotism of a Bismarck (N. D.) girl. Frank Peters, alias Peter Hansen, has gone to Fort McHenry, Ga., for internment in a federal prison camp instead of doing his bit for the Kaiser as a member of a U-boat crew, because Miss Mary Burkman was courageous enough to report him, even though he was her own cousin.

Peters was arrested as he was about to board a Northern Pacific train on the first lap of his journey to Germany. He had boasted to his cousin that he would soon be back in the fatherland serving on one of the Kaiser's submarines.

When Miss Burkman assured him she would not permit him to leave America for such a purpose, he reminded her of their blood ties, threatened her and declared she dare not report him. There was a brief struggle in Miss Burkman's heart, but it was very brief and her country won.

**GIVES EIGHT SONS TO WAR**

Five of British Mother's Boys Are Killed in Action and Another Is Paralyzed.

London.—The countless numbers of heroic sacrifices made by British mothers have been far eclipsed by Mrs. Beechey, widow of Rev. P. W. T. Beechey, late vicar of Frinton-on-Sea, Lincolnshire, who has given eight sons to serve their country, five of whom have lost their lives.

Three have been killed on the western front, another died at Rouen, while the fifth, Charles Reeves Beechey of the Royal Fusiliers, who was a master at Stamford Grammar school, has expired from wounds received in East Africa. One, Bernard Beechey, was a schoolmaster at Lincoln, and another, Frank, was a member of the Lincoln Cathedral Choir school.

Three other sons survive. Of these one has been paralyzed and the other two are still serving. All the brothers joined the army as volunteers, two of them enlisting in Australia, where they were farming.

The long blue chimney are the latest type of oil cooking burners, and **THERE'S A REASON.**

The long chimney creates a draft, furnishes the flame with enough air for perfect, clean combustion and makes every drop of kerosene do all the work in its power. All the oil is turned into heat, no smoke and no odors, no soot to blacken pots and pans, this result cannot be obtained from oil burners, having shorter chimneys.

### DRAFTED MAN LEFT PLOW

Abandoned Work in the Field and Reports for Enlistment.

Stout City has her Israel Putnam in the person of W. Warren Mulhall, son of John Mulhall of 2115 Douglas street and a member of Stout City's younger set. Mulhall was in the list certified by the West-side board for enlistment April 26 to the first call of the second draft. Word of his induction into the army reached him when he was plowing on his farm in Minnesota. Stopping in the middle of a furrow, as did his Revolutionary counterpart, he hastened back to Stout City to prepare for departure. Despite having been engaged in farming for a number of years, Mulhall was not granted a deferred classification because members of his local board felt circumstances did not warrant such action.

Why the Blue Heron is Funny  
Did you ever watch a great blue heron fishing? Knee deep he stands in some pool, stream or bay, and so marble statue has anything on him for being immovable, says the Philadelphia Ledger. Presently some member of the funny tribe, perhaps a chap out of class or the whole school even, wanders by beneath the crystal depth and—whack! The combination of long bent neck and dagger bill does a stunt that is both funny and effective and generally gets the fish. The entire aspect is peculiar and hard to describe; it is much like a miniature and plumed cloverleaf with a crazy tongue attachment, the latter being lengthened by a released watchspring. You can see it, but merely see; no more than that.

Cross Purpose.  
"Brother Herdman, you believe in the efficacy of prayer, don't you?"  
"Sure I do."  
"Well, some of us have been praying that we may be able to raise money enough to build a new meeting house this year, you know."  
"Yes, and some of us has been praying that we may be able to make the old one last one more year; and that's the prayer, Brother Herdman, that's going to be answered."

Had Enough of That.  
"MacDonough (to fourth wife)—The minister (dressed) approves of my marriage again. But I tell him I cannot be any happier!"

# "CLASS 1 WEEK"

## JUNE 24 TO 30

CLASSIFICATIONS TO BE REVISED UNDER MAJ. RHODES' INSTRUCTIONS.

Frankfort, Ky., June 18.—June 24 to 30 will be "Class 1 week" with local Exemption Boards, at which time they will revise their classifications under instructions from Maj. Henry F. Rhodes, selective service officer of Kentucky.

In a circular letter to the boards he said:

"The status of the number of men in Class 1 is lower than the average," and especial attention is invited to the dependency clause.

The reclassification includes those erroneously granted deferred classification by district boards.

He said:

"Always bear in mind that war will create some sacrifice and hardship. No person has a right to refuse to sacrifice luxuries. On the other hand it is not the intention of the law to deprive dependents of a reasonably adequate support. Reasonable adequate support cannot be determined by rule of the thumb, but must be determined with common sense and sympathy in the facts of each individual case. What would be adequate support in one locality might not be in another. The question of adequate support must be determined with the thought always in mind that the present classification scheme is designed to raise our armies with a minimum of hardship and suffering to those who are left at home."

For Limited Service.

Complete inspection of all questionnaires, where deferred classification has been granted, is ordered, with directions to re-examine under the new standard of physical examination, now being issued. They may bring in for limited service many men heretofore totally rejected.

While the order practically applies only to Class 2, A and B; Class 3, A, B, and C, and Class 4, the boards are not limited to these.

Concerning dependency the letter says:

"In many instances it appears that local boards have overlooked the provisions of my Bulletin No. 16, under date of December 31, 1917. For your information and careful consideration the provisions of that bulletin are again quoted.

"First—Subdivision 'A,' Class 4, is the residuary clause for registrants whose wives or children are mainly dependent on them for support, and this applies to a widower whose own children are mainly dependent upon him for support.

"Second—If a registrant has both a wife and child, but there are such other sources of support available that the removal of the registrant will not deprive the wife of reasonably adequate support, he goes in any other division in the schedule."

White men under the last regular call will report at Camp Taylor June 24 to 28. Those from Christian county, 23 in number, will report June 26. The colored contingent of 100 will report June 22.

DEATH OF MISS MAJOR.

Miss Rachel Major, daughter of Mr. Lester Major, of near Lafayette, died Monday. She had not enjoyed good health for some time, but the immediate cause of death was complications following measles. The deceased was 25 years old and was very popular with a wide circle of friends. The interment took place near Lafayette yesterday.

COMPLIMENTARY RESOLUTIONS

The following resolution, offered by the Rev. G. G. Abbott, was adopted by the Ministers' Association, in session, June 17, 1918:

Whereas our Bro., the Rev. Thomas Chapman, has offered his services for work under the direction of the Army Y. M. C. A.

Be it resolved:

1.—That we desire to commend our brother to those in control of said organization as a minister of the highest character and consecration, and as one who will render most faithful and efficient service in this field to which he feels himself called.

2.—That in our work as Christian ministers, in Hopkinsville, we have learned to appreciate him as a brother of broad and catholic spirit, painstaking as an officer in our organization, a thorough Christian gentleman in all his dealings.

3.—That we put on record this appreciation of our brother, praying that God may be with him as he goes to render service for God and Native land, and when this terrible world conflict has ended may bring him back to us in health and strength to aid in work of reconstruction which must follow when peace once more shall come to the lands now torn and bleeding from the ravages of war.

Copy furnished by order of the Association.

J. W. STILES, Sec. Treas.

# WAR STAMPS

THAT \$1,000 CLUB IS GROWING DAILY—HAVE YOU JOINED?

Here are the right sort of citizens that are going the limit in their purchase of War Savings Stamps:

Sam Frankel,  
T. J. McReynolds,  
R. E. Cooper,  
J. H. Anderson Co.  
Fox Bros.  
John P. Thomas.  
Barnes & Metcalfe,  
Kolb & Howe.

That's a good beginning but every firm and individual in Christian county who can afford to lend \$1,000 to their Government without actual privation should inform the committee of his or her willingness without being urged by solicitors. The impression must not go forth that War Savings Stamps are meant for children primarily or for the poorer people who cannot invest in Liberty bonds. They are designed for every class of buyers, and it is of equal importance that the person of large and the person of small means shall pledge himself to buy to the very limit of his capacity. War Savings Societies have been a pronounced success in England, enabling that country to put up its remarkable fight in this war. There are nearly 90,000 of the societies now organized in this country and surely what John Bull can do well, Uncle Sam can do magnificently.

The success of this W. S. Stamps Drive will depend upon every man, woman and child in Christian county. Unless each of us considers this our own personal responsibility, our quota cannot be raised and we must fail our boys, who are not failing us. They go to the limit of human possibilities in giving their lives and yet many of us are not going the limit of our superfluous incomes even, in lending our money to our country for the welfare of these boys.

Christian county has responded so magnificently to all her calls, the Red Cross, Liberty Loan etc. that she must not allow herself to become lax now. The Government needs your money, it is therefore of vital importance that you lend.

# CHAS. BRUNK KILLS HIS MAN

FORMER EVANSVILLE RESIDENT SHOOT BEN McMULLEN IN QUARREL IN HENDERSON POOLROOM.

Henderson, Ky., June 18.—A four-cornered fight at 9:30 o'clock last night in the pool room of E. K. Held resulted in the death of Ben McMullen, aged 38 years, a paperhanger. He was shot through the breast by Charles Brunk, aged about 36 years, employee of the pool room, formerly of Evansville.

Charles Stahlman, also a former resident of Evansville, and Guy Barnett, another employee of the pool room, figured prominently in the murder.

METHODIST SOCIAL.

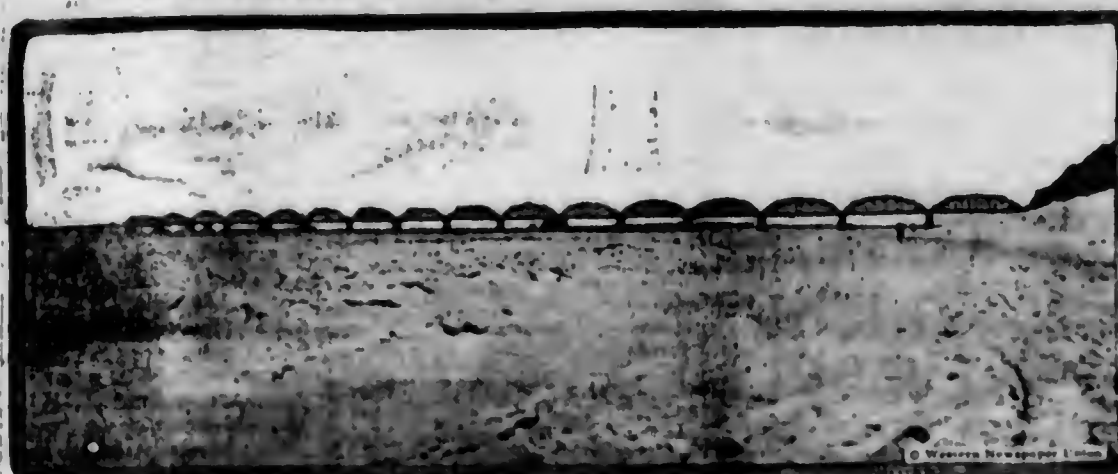

A delightful membership social was held at the Methodist church last night from 8 to 10:30 p. m. A fair sized crowd attended and everybody enjoyed a good time. There will be a program of music and brief speeches by W. T. Fowler, L. E. Foster, C. M. Meacham, J. Wheeler Campbell, S. Y. Trimble, T. C. Underwood and John Stiles.

# NEW RUSSIAN BRIDGE, ONE OF LONGEST IN THE WORLD

One of the longest bridges in the world, the railway bridge over the Amur river at Khabarovsk, Siberia, which has been completed after five years of construction at a cost of \$9,000,000. The bridge is 7,398 feet long. Its finish marks the completion of the Amur railway from Kuene to Khabarovsk. It is most likely that this new bridge will figure in the war, as it will be necessary for the Germans to cross it to get to certain sections of Siberia, which, according to dispatches received here, will be occupied by Japanese troops to protect the supplies there.

# NEGRO SHOT SUNDAY.

A shooting occurred early Sunday morning at the home of Mose O'Neal, colored, at Herndon, Ky. 2 or more colored men spent the night Saturday at O'Neal's house, so the report goes, and one man by the name of Louis McGowan loaned Will (Son) Moss \$2.50 and Moss pawned his pistol to McGowan. During the night the latter dropped off to sleep and Moss stole the pistol from McGowan and hid it in a box in a corner of the room.

When McGowan awoke Sunday morning he missed the pistol and set about to locate it. Quite a bit of accusing and abusive language took place between the parties and during this part of the fracas Moss walked over to the box in the corner and fumbled a minute and rose up with the pistol in his hand and began firing at McGowan. Five shots were fired and two took effect, one shot entering the left arm just below the shoulder and breaking it, the other shot entering the fleshy part of the left side.

Moss was arrested and lodged in jail and the last report from McGowan indicated that he was getting along reasonably well.

# RESOLUTIONS.

The Business Men's Bible Class of the First Baptist Church Sunday School, of which the late Edward P. Fears was a member, adopted the following resolutions of respect, submitted by a committee composed of the teachers of the class:

Whereas, an all-wise Providence has seen fit to remove from our midst our brother, E. P. Fears, be it

Resolved, that in the death of E. P. Fears, our class has lost a faithful and beloved member whose vacant chair will always be a reminder of his virtues. Mr. Fears loved his church and his Sunday School and was faithful in his obligations and his charity was often extended in his own modest and unassuming ways. His example of strict integrity and his high sense of honor in his dealings will ever brighten his memory.

Resolved, That these resolutions be spread upon our records, a copy be sent to his bereaved family and that the city papers be asked to publish them.
